Description

Can you help Santa and save Christmas? Santa is caught in a blizzard, he can’t find his way home and the elves have stopped working. It’s a Christmas disaster! Help Santa and help save Christmas! Hurry over to Santa’s workshop at the North Pole and find out why the Christmas elves are refusing to work, get the presents made for the children and light up the biggest Christmas tree in the forest to guide Santa home. This delightful VR escape game adventure is pure Christmas magic for all. Suitable from 7 upwards (under 10s will need adult support). No previous escape room or virtual reality experience necessary. Players complete a fun, simple VR training programme to learn how to use the hand controllers before starting their Christmas escape adventure. For more info about VR visit out FAQs section.
