Located within the Hamilton Piazza precinct on Beaumont St, sits authentic Italian restaurant, IN Forno, and the man behind IN Forno, Harry, has a passion for Italian food, in particular, the way in which pizzas are made, right from the flour used to the final touches of toppings. The space itself consists of both indoor and outdoor seating, so you can enjoy a long boozy summer lunch with a cocktail under the low hanging plants in the courtyard, or head inside for a warm beverage in the cooler months. That big brick wall is certainly giving diners their first jaw-drop moment and learning about how they came to be here, you can understand why.
